Notice issued: 07 December 2017

Boil Water Advisory

To: Sandy Point Campground Water Users

Due to repair and maintenance of the chlorination system, the chlorination system is shut-off; First Nations Health Authority recommends all water users of the Sandy Point Campground water system to **Boil Water for:**

- **Drinking**
- **Preparing infant formulas, juices, ice cubes, tea, coffee**
- **Washing fruits and vegetables**
- **Cooking**
- **Dental hygiene**
- **Making ice cubes**

For boiled water, please ensure that the water is brought to a **“rolling boil”** for a **minimum of 1 minute** prior to consumption.

Thank you for your patient and cooperation.
