

Clint Tomma Fundraising

October 5, 2020

On September 25, 2020 local Chase resident Clint Tomma fell from a roof. Clint was badly injured. He is currently still in hospital.

Adams Lake Indian Band would like to provide assistance for the family for expenses they will incur during the long road to recovery. We as an organization and friends are working together with fundraising events. We are planning to undertake the following initiatives:

- Donation card at Front Desk
- *NBA Final Game 100 Square Pool*
- *An Online Raffle* will be organized and donations are being sought for raffle items.

Please watch for upcoming fundraising events and join us to support the family.

Family is appreciative for the support given since the accident but have requested that a message be sent out advising **Please No Visitors at this time.** Family appreciates your understanding and cooperation during this time of Covid-19 pandemic. Eva is taking all measures to be safe when she is finally cleared to visit him. She doesn't want to be around many people.

If anyone wants to have anything delivered or messages please contact:

Family Liaison Valerie Michel at (250) 318-6310 or

Karen Everard at Band Office (250)679-8841.

Please include Clint and his Family in your prayers
