

## Village Road Area Residents

# WATER SERVICE SHUT DOWN

We regret to inform you that a shutdown of your water supply is required to facilitate necessary repairs to the system.

Normal services will be restored as soon as possible. Please call Brian Bosch @ 250.833.2477 or Rylan Sandberg @ 250-308-2034 with any questions or concerns.

Date of shut down: **Wednesday Oct 13, 2021**

Time: **8:00 AM**

Estimated time of turn on: **12:00 PM**

1. Please keep enough water on hand as water service interruption may be longer than noted. We suggest filling your bathtub with cold water to facilitate toilet flushing.
2. Water supply may be discoloured due to distributed deposits in pipes – it is not harmful as the water has been disinfected.
3. After service is restored, air may be present in piping. Running a garden hose or cold water bathtub faucet for several minutes should eliminate both air and discoloured water problems.

We appreciate your Cooperation in this matter.
