

When lights are flashing You MUST stop!

Higher fines for failing to stop for a school bus means

Penalties

In BC, the first offence penalty for illegally passing school buses is \$368, and it increases dramatically after that.

For drivers who receive a second ticket it will be \$668, and a third offence will cost a motorist over \$1000 for that third offence alone.

Drivers will continue to receive three penalty points on top of the increased fine.
