

ADAMS LAKE INDIAN BAND RECREATION FUNDING

Due to the COVID-19 pandemic, there are some changes to submitting your paperwork for reimbursement or payment

- The ALIB recreation funding policies and procedures have not changed.
- If you have previously applied for funding and we have your application on file from previous years:
 - You will not need to fill out the ALIB recreation application form, your email request will be treated that you are authorizing ALIB to designate funding from your allotment to either pay or reimburse you for Recreation funding. (Please email your official receipt/invoices on company letterhead, handwritten receipts will not be accepted)
- If you have never filled out the ALIB recreation funding application:
 - The form will be available on the ALIB Facebook website & the ALIB website to download.
 - Please fill out in full, scan or take a picture of the application and return it to dmarr@alib.ca or fax 250-679-8813 along with your official receipt on company letterhead, handwritten receipts/invoices will not be accepted).

Please note that the ALIB recreation funding was used in full for the fiscal 2019-2020, and ALIB will not be able to reimburse any applicants for the previous fiscal. A notice was sent out to the community on this issue. Receipts/invoices will only be accepted for the April 01, 2020 -March 31,2021 Fiscal.

Due to COVID-19, group sports have been postponed until the Health Authorities deem it is safe enough to continue with these activities. Until then, ALIB will not accept application forms/and or receipts/invoices for group activities like Baseball, hockey, soccer, camps, and gymnastics. There will be exceptions, online fitness training via zoom, and it will be a case by case decision for any of the above activities.

Please be patient with this process, and when the Province starts to move into different Phases where group sports will be allowed, ALIB will follow suit and adjust accordingly.
