## DENNIS LAKE

## A small rustic 2 unit site that offers fishing and camping as its main activities. The campsite has one outhouse and a cartop boat

launch. No picnic tables available. Driving Directions: Dennis Lake is located west of Chase. It is accessed by road from the McGillivary Lake Forest Service Road.

## **2** SKMANA LAKE

A 3 unit site which has a wharf and provides land-based nonmotorized opportunities (hiking, mountain biking and cross-country skiing) and water activities.

Driving Directions:Located north of Chase, this site is best acessed using the Loakin-Bear Creek Forest Service Road near Chase. The overall distance from Chase to Skmana Lake is approx. 16km.

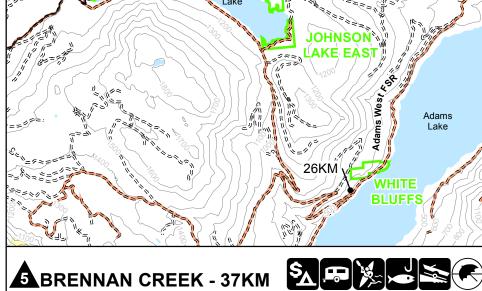

A small 4 unit site located on the western shore, midway up Adams Lake. The access road switchbacks down a steep slope to the waters edge where the majority of the sites are located. The cartopt boat launch is rough and small. The roadway has a restricted turning radius, so it is adviseable to only access the site with small trailers.

A 6 unit site with a cartop boat launch. Two campsite areas are located on the north and south shores of Johnson Lake. The north site is accessed by skirting the gravel pit along its south and west boundary. The lake edge here is marshy. The south site is more popular with its small sandy beach and picnic area. There is a short steep pitch trailers should approach with caution at this site. Fencing has been installed to keep range cattle out from the campsite areas. Please use road cattle guards and walk through stiles to cross fences. Day use area available.

A 20 unit site located on the western shore of Adams Lake. This picturesque site has many recreational opportunities, making it a family favourite. Paved boat launch and day use area. Driving Directions: Brennan Creek recreation site is accessed from the Adams West FSR. Turn off at km 37 on the junction to Brennan Creek and travel approx. 2 km, arriving at the recreation site 3-blade sign and access road.

A large, 13 unit semi-open site. Scenic location along Adams Lake shoreline. Sandy beach and has a concrete boatlaunch. Driving Directions: Adams Lake West FSR km 47.5. Site can be approached from south or north.

A medium sized, 5 unit site along shoreline of Adams Lake.Scenic. Driving Directions: Adams Lake North-site access km 62.5 north Adams West FSR. Area can be accessed from both north & south.

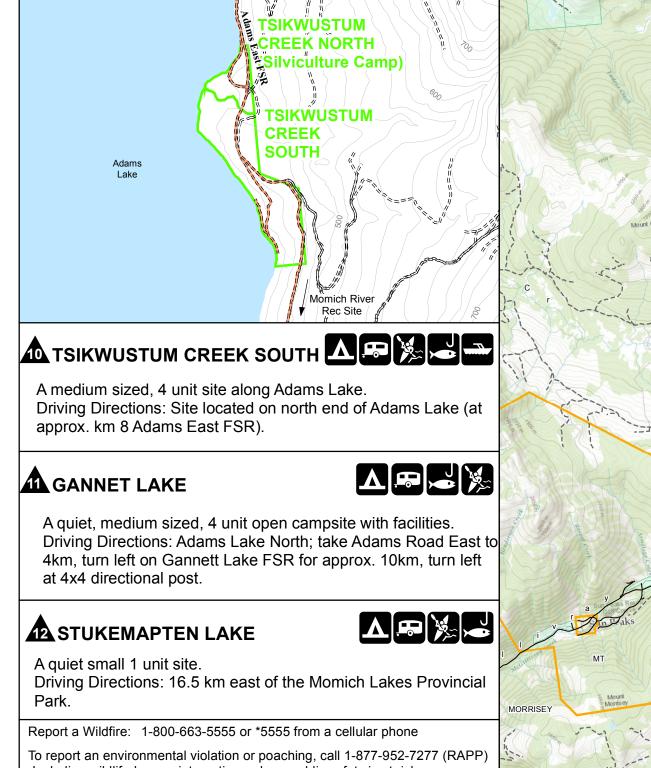

A medium sized 3 unit site on scenic Adams Lake. Two Islands adjacent to site.

Driving Directions: Adams Lake North-site access at km 63.5 north Adams West FSR. Area can be accessed from both North & South.

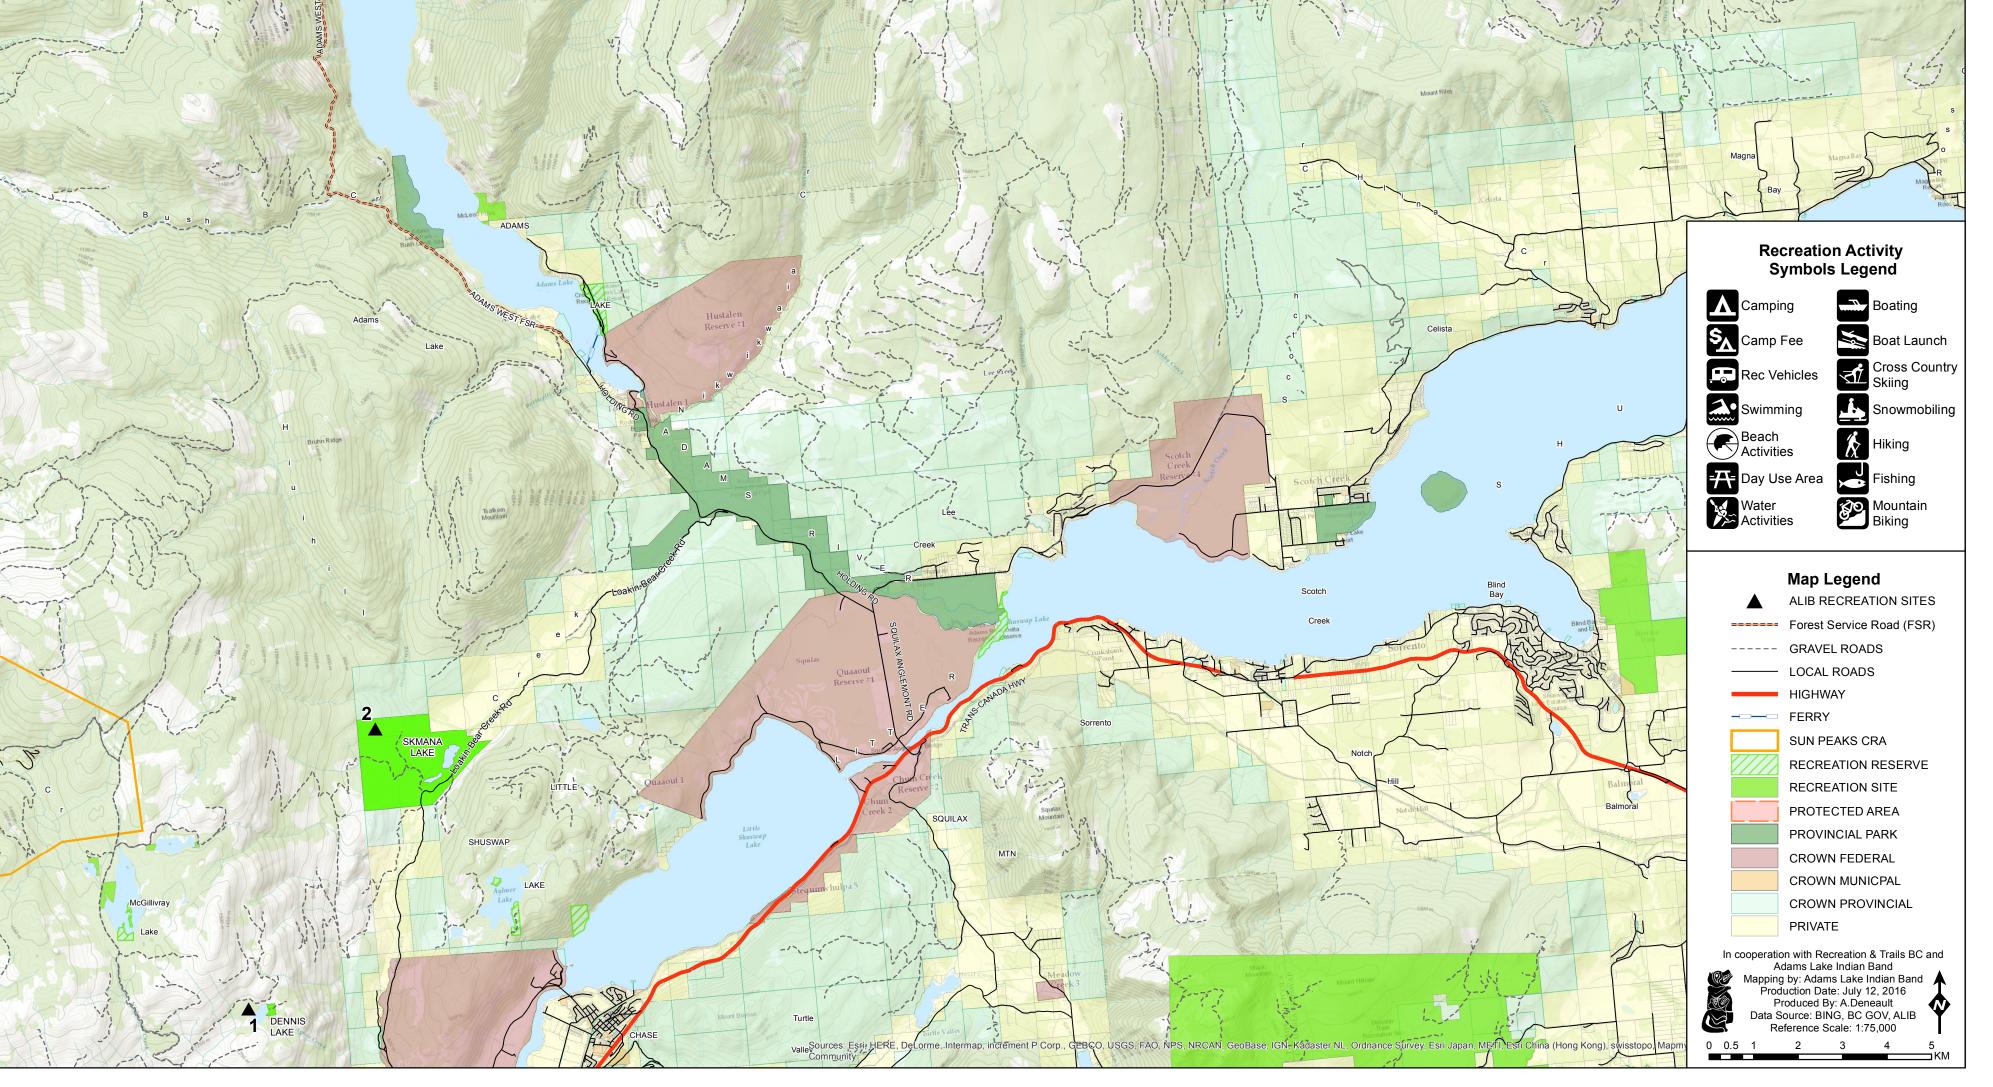

A popular, medium sized 7 unit open site with facilities. Site often used by forestry crews in the spring. (Silviculture Camp) Driving Direction: North Adams Lake area, km 7.5 Adams East FSR.

-Including wildlife-human interactions where public safety is at risk Please follow Forest Service Road 2-way radio regulations(Active logging road)
