

2017 Regional Engagement Meetings & Premier's Awards Celebrations

The Indigenous Sport, Physical Activity & Recreation Council (I-SPARC) is hosting its annual series of Regional Engagement Meetings in each of its six (6) regions. The Regional Engagement Meetings provide an opportunity for individuals and leaders involved in the areas of sport, recreation, physical activity, fitness, health, and youth programming to gather and discuss the following:

- Increasing awareness of I-SPARC, our Regional Committee structure, program areas, and report on the achievements within the 2016/2017 fiscal year;
- Providing a forum to promote physical activity and improve health outcomes through current and upcoming events/initiatives, how to expand access to community-based Indigenous sport, physical activity, and recreation;
- Establishing consensus on regional priorities for the current year and networking among sport, physical activity, health, and youth leaders from across the region

Following the Regional Engagement Meeting, an awards dinner will take place to announce and celebrate the regional recipients of the Premier's Awards for Aboriginal Youth Excellence in Sport.
