# Lockboxes

Mental Health and A&D is considering a safety lockbox for households that may be interested in one. This would provide privacy and security for medications with respect to preventive measures of HARM reduction.

At this time, it will be for on reserve houses only @ IR4 & IR6. Limit of one lockbox per household.

If this could be useful to you, please contact Annie Williams @ (250) 833-0356 Swits office to put your name and phone number on the list. Deadline is Mar 23, 2021.
