Dear Kukpi7 Arnouse and Council,

On behalf of the BC Assembly of First Nations, I would like to take this opportunity to congratulate Adams Lake Indian Band on your journey towards completing the 6km waterline on your Reserve. This is a significant achievement, and we celebrate this milestone with your community from afar.

Too often we hear about communities that continue to have their calls for safe drinking water go unanswered in the water crisis that First Nations are facing across Canada. We recognize these initiatives take incredible capacity, commitment, and coordination with Indigenous Services Canada, contractors, and community members to secure this basic and fundamental human right for our nations. Your story uplifts us and reminds us to continue to advocate for all First Nations within BC and Canada to be supported to have this access and achieve these success stories for their communities.

Thank you for sharing your historical milestone with us and we wish your community continued health and wellness as you celebrate this achievement.

Mussi,

Regional Chief Terry Teegee

cc: Vaughn Sunday, Executive Director
